ALASKA COAL CLAIMS ARE BARRED TO TRUST

MRS. M'MANIGAL IS WATCHED CLOSELY BY DETECTIVES OF BURNS

Wife of One of Alleged Dynamiters Reaches Los Angeles and May Testify for Defense in McNamara Trials.

EVEN HER TRUNK IS TAKEN BY LAWYERS

By Evening Herald A. P. Leased Wire

Los Angeles, Cal., June 26.—Under the protection of and closely watched by the detectives of the agency which caused the arrest of her husband, and the McNamara brothers, Mrs. Orthie McManigal, who arrived here yesterday on the same train with Attorney Clarence S. Darrow, became the center of interest today in the dynamiting case.

Both prosecution and defense now claim as a witness the woman, who is said to know most of the secrets of the alleged gigantic conspiracy, which cost the loss of millions of dollars of property and more than a score of lives, and while apparently by preference she has thrown her lot with the defense, the detectives employed by the prosecution today obtained possession of her trunk. They said they contained evidence of value in the case against her husband, who is alleged to have confessed, and against John and James McNamara, the accused principals in the plot, who are under fifteen charges of murder. A search revealed only the clothing she had brought west for herself and her two children.

Up to the time of her arrival yesterday the prosecution has maintained that Mrs. McManigal would testify on behalf of the state. But when she appeared in the city accompanied by Mrs. Thomas McGuire, wife of an official of the iron workers' union in Chicago, she went to apartments prepared for her by Attorney Harriman of the defense.

The Cunningham claims have been in the public eye for more than two years. They sprung about the Ballinger-Pinchot investigation, but came to a standstill with the dismissal from the public service of Chief Forest Ranger Clifford Pinchot, Louis R. Glavis, a chief of staff of the forest ranger office, and several prime officials. Both Messes Pinchot and Glavis were dismissed for insubordination incident to their attacks on former Secretary Ballinger, whom they claimed was favorably disposed toward the claimants.

In announcing the dissolution of the department today, Secretary Fisher, who succeeded Mr. Ballinger, declared that new coal land laws are needed in Alaska if that territory is to be developed properly.

MONOPOLISTS BEATEN SAYS EX-FORESTER

New York, June 26.—Perhaps no body in the country was better pleased with the final disposition of the Cunningham claims than Gifford Pinchot, whose own fortunes had pivoted upon them so critically.

"The cancellation of the claims," he said here today, "is proof, given by the administration itself, that the fight made against it to prevent coal monopoly in Alaska was not only successful, but necessary and right. This victory insures the cancellation of multitudes of other fraudulent claims in Alaska."

"Our fight, however, is not yet fully won. It is possible that a secret order of last October, by which President Taft opened the harbor front of Controller Bay, the natural outlet for the coal, to acquisition by special interests, may result in a coal monopoly through monopoly of transportation."

"Now that the claims are cancelled, the one imperative need for Alaska, is an honest coal land law, opening the coal in immediate development under lease from the government."

By Evening Herald A. P. Leased Wire

Portland, Ore., June 26.—Chief David Campbell of the Portland fire department was instantly killed yesterday and three other firemen received injuries in a blaze at the plant of the Union Oil company on the east side which required the efforts of the entire department to subdue.

The loss is estimated at \$100,000.

Campbell led a small squad of firemen into the blazing warehouse to plan the fight against the flames. The men were groping their way through the building when a heavy explosion occurred. Two of them were hurried back through the door and Campbell was not seen again. His body was recovered when the flames had been overcome.

GOMPERS CASE IS RE-OPENED FOR CONTEMPT

Justice Wright Hears Report of Three Attorneys Who Investigated and Re-news Action Against Leaders.

By Evening Herald A. P. Leased Wire

Washington, June 26.—Justice Daniel T. Wright, of the district supreme court, today issued a rule against Samuel Gompers, Frank Morrison and John Mitchell, the labor leaders, requiring them to show cause on July 17 why they should not be judged guilty of contempt of court. This action followed the filing of the report of the special committee of attorneys appointed by Justice Wright to inquire into the matter of contempt proceedings in the Bucks Stove and Range boycott case.

The United States supreme court recently set aside all sentences heretofore imposed by Justice Wright. The supreme court held that the contempt on which Justice Wright formerly passed was a civil nature and against the Bucks Stove and Range company.

The supreme court, however, gave to the district court a right to re-open the case in the event that any contempt of the court itself or its orders should be found.

Inasmuch as the stove company and the American Federation of Labor had adjusted their differences, it was not supposed that the matter would be pursued further, but the day following the action Justice Wright appointed a committee of three lawyers to inquire into all the circumstances of the case and to determine whether or not there had been a contempt of court itself. This committee consisted of J. J. Darlington, Daniel Davenport and James M. Beck.

Mr. Gompers questioned the fairness of an inquiry by these men inasmuch as they all had been associated with the stove company against the federation.

The apparent upset of the prosecution's plan caused by the attitude of Mrs. McManigal gave rise to rumors that Mr. McManigal himself would repudiate the confession he is alleged to have made, and take his chances with the McNamaras.

It was also reported that he would be defended by attorneys who represent the McNamaras. Attorney Darrow declined to affirm this, but he also refused to deny it.

The rumor that McManigal had apparently changed from began circulating following the visit of Mrs. McManigal to her husband in the jail immediately after her arrival.

SWITCH ENGINE ON WILD RIDE IN THE CLOVIS YARDS

Goat" Goes On a Rampage When the Throttle is Throw Wide Open: Stopped By Coal Yards.

Special Telegram to Evening Herald

Clovis, N. M., June 26.—Santa Fe Engineer C. E. Anderson was badly hurt and O. J. Mikell, his fireman, sustained lesser injuries in a sensational accident which occurred in the Santa Fe yards here at 4 o'clock Sunday morning. The night switch engine had been working in the west end of the yards, cleaning up the tracks. The engine had delivered a string of cars and the engineer received a "back up" signal, indicating that the track was clear. Three of the cars recently switched had failed to get on the siding properly, however, and the "goat" hit one of them squarely. The car of the engine was demolished and the throttle thrown wide open. The engine ran wild, tearing down the yards at a terrific rate. It ran into a string of coal cars, Anderson, the engineer, being badly scalded in the mix-up and Fireman Mikell being badly bruised and battered. Anderson will be taken to the hospital in Tucumcari as quickly as he is able to stand the trip. Mikell's injuries are not so serious and he will be treated here. The accident was one of the most peculiar in the experience of many railroad men here.

"Our fight, however, is not yet fully won. It is possible that a secret order of last October, by which President Taft opened the harbor front of Controller Bay, the natural outlet for the coal, to acquisition by special interests, may result in a coal monopoly through monopoly of transportation."

A desperado attempt to commit suicide was made by Carlos Herrera of San Ignacio at 1 o'clock this afternoon, when Herrera, who is a rancher, locked himself in a room at Rancho de Atrisco, three miles across the Rio Grande from Albuquerque, and stabbed himself in the region of the heart. Herrera arrived at Rancho de Atrisco shortly before noon today. He took a room in a house there. When he failed to appear for dinner an investigation was made, the door to his room being found locked. It was broken down and Herrera was found on the floor in a pool of blood. It is said he and his family are well-to-do people and stand well at San Ignacio.

IVON PHIL SLAPPED CARDBOARD TRUST IS INDICTED FOR BREACH OF LAW

Mrs. Springer In Face She Tells Trial Court

Following Theatre Party, She Sent Note to Henwood Warning Him Not to Come Near Hotel.

By Evening Herald A. P. Leased Wire

Washington, June 26.—An indictment formalized under the criminal provision of the Sherman law drawn by United States District Attorney Harry A. Wise, was returned today in the federal grand jury against the "Eastern Box Board club," alleged to be the successor of the "Alaska" Fiber and Manila association.

In the indictment, the first of the series of government trials, the president, officers and agents of paper board manufacturers, cartons and envelopes, which are charged with being an alleged combination in restraint of trade limiting to cut and arbitrate in their contracts.

When pleas of guilty were entered in the thirty-nine paper board corporations included in the membership of the Fiber and Manila corporation and fines amounting \$88,000 were imposed and it was thought that the paper board trust had been put out of business for good.

The government alleges, however, that certain paper board makers having made over \$50,000,000 in the combination, substantially formed the Eastern Box Board club.

Mr. Elliott gave no reason for withdrawing his objections, which objections had been sustained by Judge Whitford, but he desired to give the defendant every opportunity to justify his act.

William W. Russ, deputy coroner told this morning of finding torn photographs of Henwood in Von Phil's pockets after the latter had been shot. These photographs, it was then stated, were given Mrs. Springer by Henwood, secured in the Springer Apartments by Von Phil and torn by him. Henwood then took the stand and told of a box party at the Orpheum the afternoon of May 23, the day before the shooting, the parties including Mrs. Springer and Von Phil. After the show, he said Von Phil followed Mrs. Springer to her room at the Brown Palace hotel, called her into the hall and slapped her. Mrs. Springer at once sent for Henwood, told him she had been struck by Von Phil and begged him not to attempt to recover from Von Phil her letters, which Henwood had promised to do.

Mrs. Springer told Henwood that Von Phil was "desperate" and that he had said he intended to kill Henwood. The next day, according to Henwood, Mrs. Springer smugly an unsigned note to him, begging him "for God's sake" not to come to the hotel that she had had an awful scare with Von Phil, who had again threatened to kill Henwood.

Mrs. Springer followed Henwood on the stand and testified to threats against Henwood made by Von Phil. She also testified that Von Phil had struck her in the evening before the shooting *twice* and that he had struck her twice on previous occasions. She had told Henwood of these acts.

She also said that Von Phil had taken from the apartments of herself and husband two photographs of Henwood and had torn them up in her presence.
